

Eliminating the Idea of Waste

The Earth Matters Ministry at SJA, through Terracycle recycling programs, would like to help you keep waste out of the landfills. We are collecting items that are unable to be recycled through traditional curbside collections. We will be collecting these hard-to-recycle items in the church Link the weekend of **April 20 & 21, 2024**. All containers to be recycled should be emptied of product and dry. Please note, any plastic items labeled with recycling numbers 1-5 and 7, as well as paper or cardboard, should be placed in your curbside recycling bins.

Please review the list of accepted items below, as they may have changed since the last Terracycle collection due to sponsorship. All acceptable collected items will be sent to Terracycle or brought to a drop off facility at no cost. For questions, please contact Matt Zurek at 630-353-4533 or mzurek@sjalisle.org. Thank you for your participation!

Personal Care:

- ◇ All brands of beauty, fragrance, cosmetic and skincare products and packaging (bottles, caps, droppers, tubes, pumps, flexible packaging).
- ◇ All brands of oral care products including toothbrushes, floss containers, toothpaste tubes, mouthwash caps and associated packaging (no electronic toothbrushes or refills).
